AIBRA Version2.0

Aibra King

INTRODUCTION

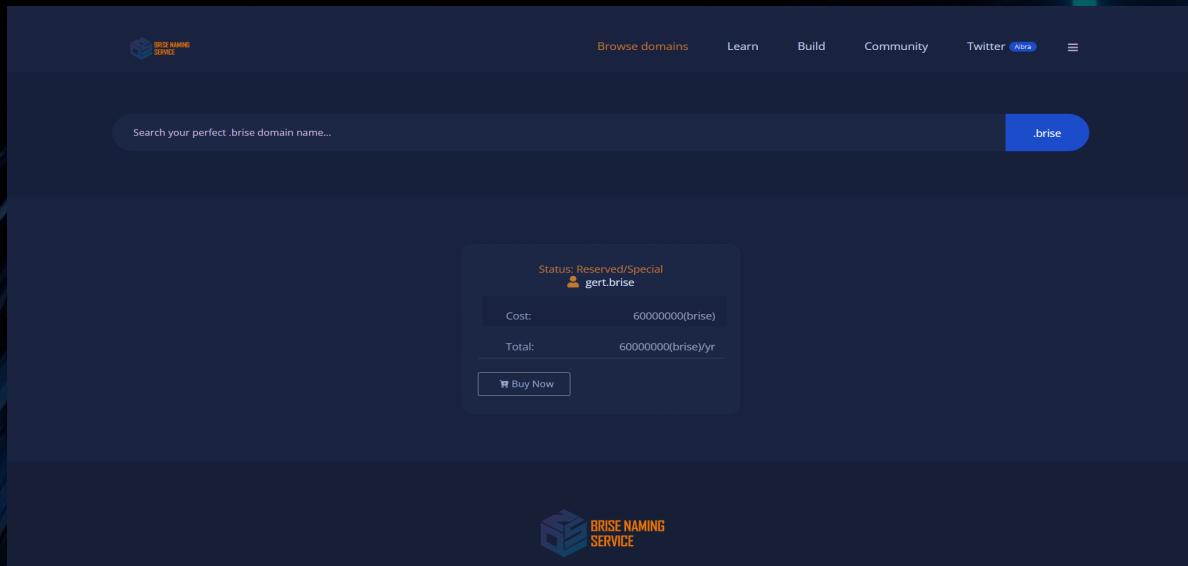

Looking back at the past couple of months since the inception of AIBRA, we've surely come a long way and with Christmas just round the corner, AIBRA comes bearing great news. Our monthly schedule as always is packed and will ensure your festive countdown is packed full of new updates and many milestones set to be accomplished.

We have scrutinized and carefully and re-evaluated key areas of our development in a bid to improve user experience and interaction on the platform and as a result we introduce AIBRA Version 2.0.

We will now go through some of the upgrades and improvements we've so far added to the aibra app in the space of 1 month and what expect in the coming months

Completed & Currently Working On...

1. Brise Naming Service(BNS) - testing phase(set to launch soon):

We are proud to announce the completion of brise naming service and imminent launch. We are currently testing the naming service to ensure it's 100% ready for launch.

2. Aibra Blog Launched:

The aibra blog for news and updates about development on aibra platform, job and employment guide, web 3 and blockchain technology and related news is live

The screenshot shows the Aibra blog homepage with several sections. At the top, there are navigation links for 'Home' and 'Blog'. Below this, there are four main content blocks: 1) 'GETTING A JOB IN WEB3' featuring a woman at a laptop, with tags 'Cryptocurrency' and 'web3'. 2) 'Aibra Wallet' showing a wallet interface with various tokens like Bitcoin, Ethereum, and Tether. 3) 'Brise Naming Service(BNS)' showing a dashboard for managing names. 4) 'Explaining Aibra' showing another dashboard. Below these, there is a section titled 'Most Recent' with three smaller preview cards for the same topics: 'GETTING A JOB IN WEB3', 'Aibra Wallet', and 'Explaining Aibra'.

3. Aibra Platform Version 2.0:

The screenshot shows the Aibra Platform Version 2.0 homepage. At the top, there is a navigation bar with links for 'Home', 'Jobs', 'Employers', 'Companies', 'Candidates', 'Blog', and a search icon. Below this, there is a large banner with a woman sitting on a chair, pointing towards the camera, with the text '1000 + Job Seekers'. To the left of the banner, there is a section for 'Companies Jobs' with a count of '15+'. At the bottom, there is a search bar with fields for 'WHAT', 'Job Title', 'TYPE', 'All Category', 'LOCATION', 'Search...', and a 'Find Job' button. Below the search bar, there is a 'Popular Searches' section with the text 'Developer, Designer, Architect, Engineer ...' and a large 'JOBS' logo.

We are proud to introduce sneak peaks of Aibra platform redesign. Showcasing easier user interface, pixel perfect design, better interactiveness and ads on features

4. Aibra NFT finalization.

Work on the Aibra NFTs is still on going and we are glad that we are progressing smoothly with it and taking our time to provide the best NFT use cases for our community

Still to come on AIBRA

1. Video Meetings and Interviews:

In our quest to create an interactive recruitment system and one that extends beyond recruitment. Aibra will be creating a Video meet section to schedule video interviews, hold company meetings or even schedule seminars and trainings for users of the Aibra app.

2. Chat Functionalities:

This will allow all participants of the Aibra app to interact professionally, post important information, like, follow and comment on each other's post in what is an interactive social verse.

3. Aibra University:

the team is deliberating on the Aibra university and we've had a series of fruitful meetings on how to go about development and features to include and are set to commence working on it.

5. Aibra Referral Program:

This introduces another way to earn passive incomes for the aibra community, this provides incentives for users to refer the platform and earn from doing so:

Aibra Roadmap Version 2.0 will be released where we will begin the best and biggest phase yet for the AIBRA Platform with massive and mouth watery development in store

6. Roadmap 2.0

We are set for a new phase a bigger phase and it is only right that we reflect our plans for the new phase on our roadmap. We are working on our roadmap 2.0 with many exciting things to see. Ready up
